**PLEASE RETURN COPY OF THIS INVOICE WITH PAYMENT**

Oregon Revised Statutes, Chapter 654, the Oregon Safe Employment Act. Subsection 654.086(3) states: "When an order assessing a civil penalty becomes final by operation of law or an appeal, unless the amount of penalty is paid within 20 days after the order becomes final\*, it constitutes a judgment and may be filed with the county clerk in any county of this state. The clerk shall thereupon record the name of the person incurring the penalty and the amount of the penalty in the judgment docket. The penalty provided in the order so docketed shall become a lien upon the title to any interest in property owned by the person against whom the order is entered, and execution upon a judgment of a court or record." \*(Final order is defined as 30 days after receipt of the citation, unless it is appealed.)

To avoid additional charges, remit the total amount of the uncontested penalties summarized above. Please pay online at <http://osha.oregon.gov/rules/enf/Pages/citations.aspx>, call 503-947-7891 to pay by credit card over the telephone, or remit payment promptly to the mailing address shown below. Make your check or money order payable to: "Department Of Consumer & Business Services (DCBS)". Please write Inspection Number **317716909** on the remittance and include a copy of this invoice with your payment.

*The violation(s) described in this Citation and Notification of Penalty is (are) alleged to have occurred on or about the day(s) the inspection was made unless otherwise indicated.*

In the interest of assuring a safe and healthy workplace, the Oregon Occupational Safety and Health Division (Oregon OSHA) conducted an inspection at a workplace under your control. During this inspection, violations of the Oregon Safe Employment Act and occupational health and/or safety rules were found.

This citation lists the violations and a date by which they must be corrected. If you are not able to correct the violations by the correction date, you must apply for an extension of the correction date by following the instructions outlined later in this citation. Oregon laws require that under certain conditions violations of occupational safety and health rules carry a civil penalty. If penalties have been assessed on this citation, they have been computed in conformity with Oregon Administrative Rules, Chapter 437, Division 1. If you want to appeal this citation, file your request for hearing within 30 calendar days as outlined on the next page. If you choose not to appeal this citation, it becomes a final order 30 calendar days after receiving it. You must abate the violations referred to in this Citation by the dates listed, and pay the proposed penalties.

An effective Safety and Health program not only assures the correction of cited violations, it also requires actions to prevent violations from recurring. Through continued cooperation of employers, employees and Oregon OSHA, a safe and healthful workplace for all Oregon employees can be achieved.

Michael D. Wood, Administrator  
Oregon OSHA

**COPY**

**Posting** - The law requires that a copy of this Citation and Notification of Penalty be posted immediately in a prominent place at or near the location of the violation(s) cited herein, or, if it is not practicable because of the nature of the employer's operations, where it will be readily observable by all affected employees. This Citation must remain posted until the violation(s) cited has (have) been abated, or for 3 working days (excluding weekends and holidays), whichever is longer.

**Penalty PAYMENT** - Penalties are due 20 days after the citation becomes final order (which is 30 days after receipt of this citation, unless appealed). Either make your check or money order payable to "Department of Consumer & Business Services (DCBS)", and mail to **DCBS, Fiscal Services Section, PO Box 14610, Salem OR 97309-0445**, or pay online at <http://osha.oregon.gov/rules/enf/Pages/citations.aspx>. Please include the Inspection Number on the remittance and return a copy of the invoice with payment. Oregon OSHA does not agree to any restrictions or conditions or endorsements put on any check or money order for less than the full amount due, and will cash the check or money order as if they do not exist.

**Employer APPEAL Rights** - To appeal a citation, you must clearly state in writing that you are requesting a hearing on the citation and specify the alleged violation(s) contested and the grounds upon which you consider the citation, proposed penalty(ies), or correction period to be unlawful. The request for an appeal must be filed within **30** calendar days of receipt of the citation. You can file an appeal in writing or on-line at [osha.oregon.gov/pages/appeals.aspx](http://osha.oregon.gov/pages/appeals.aspx). An appeal is considered filed on the date of the postmark, if mailed, or on the date of receipt if transmitted by other means. If mailed, the appeal letter should be sent to: **Oregon OSHA, PO Box 14480, Salem OR 97309-0405**.

A request for an informal conference alone is not an appeal of a citation, and any unresolved issues discussed at an informal conference will not be forwarded for appeal unless there is a timely request for hearing filed. **If you do not request a hearing within the required time frame, this citation will become a final order that is not subject to review by any agency or court.**

**IMPORTANT NOTE:** Appealing a serious violation or the reasonableness of the correction date does not automatically extend the correction date. You may apply for an extension of the correction date through Oregon OSHA or request an expedited hearing on the issue of the correction date with the Workers' Compensation Board Hearings Division (Oregon Revised Statute 654.078(6)).

**Letter of Corrective Action** - You are required to complete and mail the enclosed Letter of Corrective Action to the appropriate field office on or before the latest correction date on the citation. Please provide a detailed explanation and supporting documentation (if necessary), such as drawings or photographs of corrected violations, purchase or work orders, air sampling results, etc.

**EXTENSION of Correction Date** - To apply for an extension for correcting a violation, go online to submit a written request to <http://osha.oregon.gov/pages/appeals.aspx>, or submit a written request to the **office listed on the "Letter of Corrective Action"** and include:

- (1) Employer name and address.
- (2) The location of the place of employment.
- (3) The inspection number and optional report number.
- (4) The violation number for which the extension is sought.
- (5) The reason for the request.
- (6) All available interim steps being taken to safeguard employees against the cited hazard during the requested extended correction period.
- (7) The date by which you propose to complete the correction.
- (8) A statement that a copy of the request for extension has been posted as required by OAR 437-001-0275(2)(d) and (j) or for at least 10 days, whichever is longer; and, if appropriate, provided to the authorized representative of affected employees; and, certification of the date upon which the posting or service was made.

Your request must be postmarked or received by the Department no later than the correction date of the violation for which the extension is sought.

**COPY**

**Employer Discrimination Unlawful** - The law prohibits discrimination by an employer against an employee for filing a complaint or for exercising any rights under this Act. An employee who believes that he/she has been discriminated against may file a complaint with the Bureau of Labor & Industries (BOLI) no later than 90 days after the discrimination occurred.

**Notice to Employees** - The law gives an employee or his/her representative the opportunity to object to any abatement date set for a violation if he/she believes the date is unreasonable. The objection letter must be mailed to Oregon OSHA and postmarked within 30 calendar days of the receipt by the employer of this Citation and Notification of Penalty.

**Adopting Federal Rules by Reference** - Whenever federal rules have been adopted by reference, the federal rule number has been noted in the citation. If information is needed regarding the Oregon standard, contact the Oregon OSHA field office addressed at the top of the first page of this citation.

**Posting on the Internet** - Federal OSHA publishes information on all inspections and citation activity on the Internet under the provisions of the Electronic Freedom of Information Act. The information related to your inspection will be available not sooner than 30 calendar days after the Citation Issuance Date. You are encouraged to review the information concerning your establishment at [www.osha.gov](http://www.osha.gov). If you have any dispute with the accuracy of the information displayed, please contact this office.

**Inspection Date(s):** 05/11/2017-05/25/2017

The Oregon Occupational Safety and Health Division (OR-OSHA) conducted an inspection of your workplace located at 1020 Mosier Creek Rd, Mosier, OR 97040. The inspection was to determine if safety or health hazards were present which could cause injury or illness to your employees. Violations of safety and/or health rules were found during this inspection and the citation is enclosed.

In addition, the OR-OSHA representative noted certain conditions which are listed in the following page, which could cause injuries and/or illnesses. Although it is not mandatory to correct them at this time, if the work process, operation, exposure, etc., changes, these conditions could be cited as violations during future inspections. By initiating corrective measures, you could reduce the high cost of human suffering associated with work-related injuries and illnesses.

There may be other hazards present which were not apparent at the time of the inspection. If you need assistance in identifying and/or eliminating health or safety hazards consultative and training services are available to you at no cost through OR-OSHA by calling (503) 378-3272.

Your continuing effort to identify and eliminate work-related hazards is appreciated.

**Inspection Number:** 317716909(91)  
**Optional Rpt Num:** S2025-018-17

THE FOLLOWING IS A LIST OF CONDITIONS WHICH COULD CAUSE WORK-RELATED INJURIES OR ILLNESSES TO EMPLOYEES. ALTHOUGH NOT MANDATORY AT THIS TIME THE OREGON OCCUPATIONAL SAFETY AND HEALTH DIVISION ENCOURAGES YOU TO INITIATE CORRECTIVE MEASURES FOR THESE PROBLEM AREAS IN THE INTEREST OF REDUCING THE HIGH COST AND HUMAN SUFFERING ASSOCIATED WITH WORK-RELATED INJURIES AND ILLNESSES.

Item 02

ITEM 01-02: Hazard Communication: Safety Data Sheets (SDSs)  
(437-004-9800)

During the recent inspection, it was determined that there were safety data sheets, but that they were not easily accessible. First, they were not in an area where any worker could look at them. Secondly, they could not easily be found within the books that existed. You had mentioned that you would be opening the house for easy entry, and where you will be posting application information. That will be a good place for your SDS book. It is also strongly recommended that you put them in alphabetical order and then highlight the names of the chemical product. By doing so, the SDS can be found very easily, which is particularly important in an emergency.

In addition, some of the SDSs did not look like they were up-to-date. The newer versions follow a set format, whereby various topics, e.g., spill clean-up, can be found in the same section, no matter which chemical. The new SDSs could also have more current health information. As an employer, you are required to maintain your SDS book.

ITEM 02-02: Medical/First Aid  
(437-004-1305)

It was discovered that you had been certified for First Aid/CPR a while back, but were not up-to-date. The closest hospital/clinic is in Hood River; that is quite a distance. It is strongly recommended that due to that distance and the traveling through the orchard, at least one individual, preferably two (father and son, maybe) become recertified.

## INSPECTION NARRATIVE

**Date of Inspection:** May 11, 2017

**Legal Name:** Kenneth Hudson & Joan Hudson

**dba** Mosier Creek Orchards **Optional Report No:** S2025-018-17

**Purpose:** Planned - This inspection was conducted as a result of the Pesticide Emphasis Program list. There were no permanent employees. Even so, this small agricultural employer was not exempt from a programmed inspection, because he had not completed four hours of annual instruction on agricultural safety and health, and there had been no comprehensive consultation in the past four years.

### **Background Information:**

Mosier Creek Orchards grows cherries. Ken Hudson, partner, accompanied me on this inspection and was very cooperative.

Pesticides, such as Eraser (warning) with chlorpyrifos had been sprayed within the past 30 days. The Worker Protection Standard, therefore, applied to this inspection.

### **Inspection Activities/Observations:**

I conducted a walk-around of decontamination supplies, pesticide storage, and central posting; interviewed a field worker (no employee handlers); and requested programs.

### **Summary/Conclusions:**

A citation was issued for the following violations:

1. Missing decon/field san supplies: The employer did not maintain soap supplies  
EK: The employer had toilets and hand washing facilities in the field, with others waiting for harvest near his house. The set-ups normally included water, sanitizing soap, towels, and a drinking spigot.
2. Drinking water: The employer did not provide drinking water for the employee  
EK: The employer normally provided water for employees who were harvesting. He knew the employee, who was pruning at the time, took care of his own water.
3. Central posting: Application information was not kept up-to-date  
EK: There was an application display with most of the necessary information. It was not up-to-date.
4. HAZCOM: There was no program with chemical list on site.  
EK: The employer knew they used pesticides, fertilizers, and other chemicals.
5. SDSs: There was a book (EK), but specific SDSs could not be found easily for the chemicals that were used (EK).

A hazard letter was written to address First Aid/CPR and the SDS book.

**Subject:** Inspection closing

Hi Ken,

I need a little more information from you before we close the inspection:

- Jose said he saw a video regarding pesticide safety. When was that and what was the source?
- For my records, on the day I was there, what were Jose's tasks?
- What is your certification (PAL) number and expiration date?
- Again, what I am waiting for are the OSHA 300 logs for 2015 and 2014 and the OSHA 300As for 2014, 2015, and 2016.

Also, would you be available on Thursday, May 25 for a phone close? If so, what time is best?

Thanks.

**OR-OSHA SMALL AGRICULTURAL EMPLOYER EXEMPTION  
WORKSHEET/FIELD NOTES  
(Revised 10/30/14)**

Firm \_\_\_\_\_ OPT RPT # \_\_\_\_\_

Date \_\_\_\_\_

If the employer does not meet all the criteria for exemption, conduct planned inspection activity.

If the employer meets ALL the inspection exemption requirements, YOUR time will go to a partial inspection with an OSHA-1 and INSPECTION NUMBER. Remember to mark "S-11-AG EXEMPT" in field 42 on the OSHA-1.

**ADDRESSING OBSERVED HAZARDS WHEN EMPLOYER EXEMPT FROM INSPECTION**

If the S/HCO observes an imminent danger situation or a serious hazard with employee exposure they will inform the employer the scope of the inspection is being expanded to address the situation and a citation issued if there is a violation of OR-OSHA rules. The inspection and citation will be limited to the imminent danger or serious hazard situation.

If the S/HCO observes a hazard that would be classified as serious but there is no employee exposure, the hazard will be discussed with the employer and immediate correction will be requested. A hazard letter will be sent to address the issue. The inspection and hazard letter will be limited to the serious hazard observed.

If the S/HCO observes a hazard that would be classified as other than serious the employer should be informed of the hazard and document it in the report. No citation will be issued.

**Inspection closing**

COHEN Lori L \* DCBS

Hi Ken,

I need a little more information from you before we close the inspection:

Jose said he saw a video regarding pesticide safety. When was that and what was the source?

I THINK HE WATCHED IT LAST YEAR OR THE YEAR BEFORE  
PICTURE OF VIDEO INCLUDED 2015-2016

For my records, on the day I was there, what were Jose's tasks?

PRUNING & STACKING BRUSH FROM CHERRY TREES

What is your certification (PAL) number and expiration date?

AG-L0090242 PAL EXPIRES 12/31/2018  
KENNETH E. HUDSON

Again, what I am waiting for are the OSHA 300 logs for 2015 and 2014 and the OSHA 300As for 2014, 2015, and 2016.

Also, would you be available on Thursday, May 25 for a phone close? If so, what time is best?

Thanks.

OSHA's Form 300  
Log of Work-Related Injuries and Illnesses

Year 2014

Department of Consumer & Business Services  
Oregon Occupational Safety & Health Division (OR-OSHA)

Attention: This form contains information relating to employee health and must be used in a manner that protects the confidentiality of employees to the extent possible while the information is being used for occupational safety and health purposes.

I must record information about every work-related death and about every work-related injury or illness that involves loss of consciousness, restricted work activity, or job transfer, is away from work, or medical treatment beyond first aid. You must also record significant work-related injuries and illnesses that are diagnosed by a physician or licensed health-care professional. You must also record work-related injuries and illnesses that meet any of the specific recording criteria listed in OAR 437-001-0700. Use two lines for a single case if you need to. You must complete an Injury and Illness Incident Report (DCBS form 801) or equivalent form for each injury or illness recorded on this form. If you're not sure whether a case is recordable, call your local OR-OSHA office for help.

# OSHA's Form 300A (Rev. 01/2004)

## Summary of Work-Related Injuries and Illnesses

All establishments covered by Part 1904 must complete this Summary page, even if no injuries or illnesses occurred during the year. Remember to review the Log to verify that the entries are complete

Using the Log, count the individual entries you made for each category. Then write the totals below, making sure you've added the entries from every page of the log. If you had no cases write "0".

Employees former employees, and their representatives have the right to review the OSHA Form 300 in its entirety. They also have limited access to the OSHA Form 301 or its equivalent. See 29 CFR 1904.35, in OSHA's Recordkeeping rule, for further details on the access provisions for these forms.
